

Glaucoma or ocular hypertension shouldn't take away special moments.

If you've been diagnosed with open-angle glaucoma (OAG) or ocular hypertension (OHT), learn how you could participate in this study of an investigational eye drop.

To pre-qualify for this study, you must:

- Be 18 years of age or older
- Be of Japanese ethnicity within the second generation (proven by birth certificate or family tree)
- Have been diagnosed with open-angle glaucoma (OAG) or ocular hypertension (OHT) in both eyes (OAG in one eye and OHT in the other eye is acceptable)

All study-related visits, tests, and drugs will be provided at no cost. In addition, reimbursement for study-related travel may be provided.
